MICROFICHE

The problem of allocating space for the ever increasing numbers of journals in your institutional or private library is now being solved: Subscribe to the microform editions of your journals! Acta is now offering a microfiche edition, published simultaneously with the hard copy edition. The total 96page issue is contained in one card. The fiches are sent to you by air mail. The cost is low. Send your inquiries or your order to:

Acta Obstetricia et Gynecologica Scandinavica
